

STEM PERSON
OF THE
WEEK

Jagoda Kowalewski

Mechanical Engineering Apprentice

Jagoda works at STFC Daresbury Laboratory as a mechanical engineering apprentice, where she does all different types of jobs from sorting nuts and bolts to helping install equipment for a particle accelerator. Jagoda is **committed** to supporting her team and is always seeking out tasks regardless how big or small. She is **hard-working** when she completes tasks to the best of her ability and is **creative** when coming up with different ideas to solve problems, using her artistic skills to help her design parts and solutions for her work.
